OVERALL EXPERIENCE

- There will be several questions in Non verbal and verbal which will consume time dont miss them try to do as there were many questions which will just take 2 to 3 seconds so your time will be compensated.

- Don’t loose your focus in non verbal , I lost the focus and got so bored while attempting them.

- Read questions with voice it will help (just a tip)

- Their desktops were all ok , but when you click next it was taking 2 seconds for showing next question

- In non verbal 2 3 options were appearing after 4 to 5 seconds so wait for them too , don’t hury.

Thats all from my side , wish you all best of luck .

Regards

Ali.

Please do your initial very fast..

If you don't understand any question just click forward .

Remember the time for one question is must be 20 seconds .then you will be pass.

I mentioned these ideas for verbal and non verbals.

Now lets talk about academic.

In this section you have to be slow. Because you are giving 50 questions which are to be solved in 30 minutes.

Remember :think thoroughly in academics because you have sufficient time to think.

All questions are related to previous notes and YouTube videos.

Some are new and difficult.

But some like

Nato head quarters .Brussels .

Masarif zakat. 8.

90% of 90.

Quarter of 1/10 of 120.

Sindh treaty was done by which organization. imf.

Quran nazil in month.

Ramadan.

Total languages of Pakistan 60 i think.

Why we boil milk

Why children sent schools.

And was stuff like that.

So best of luck for your initials.

Alhamdullilah successfully completed initial.

Name Rizwan Ahmed

Center: ARC Gilgit

PMA 151 Long Course

Huge number of Questions were from Hakeem Bai's Notes.

90%90 = 81

Why we boil milk= kill germs

Capital of Nepal = khatmando

Total South Asian countries?

Some questions were like;

If anwar is 7 year old and his sister is 3 times older than anwar. What will be the age of anwars sister when anwar will be 10 years old?

Some questions were like;

If 4th day of a month is Monday what day will be on 24th of the month?

Non verbal were some how tricky but if you learn to manage time properly you can do all non verbal successfully.

I will recommend you that for verbal and nonverbal if you cleared your concept about how to solve non verbal and verbal questions then you will easily attempt and successfully

complete verbal and nonverbal portion.

Go through world affairs and current on going affairs and activities across the globe 🌎.

Time management is very important other wise you may miss huge number of questions.

All group members kindly support Hakeem bai cuz he is doing amazing work for us without getting single pinny.

Thank you and best of luck 🤞.

Don't need to take worry.

The videos of verbal and nonverbal are available on Hakeem bhai YouTube

channel. Must check these videos. These videos are very helpful. One thing that you remember time management in verbal questions. Because we can't do rough work and calculator is also not allowed. we can't write anything on the roll number slip. And for academic must read these experiences. Inshallah you will pass the initial test.

The initial questions that I remembered are following.

1.90 percent of 90

2.fateh makkah (8 hijjri)

3.first ghazwa of Islam (ghazwa e abwa)

4.why we send our children to school?

5.why we boil milk?

12.which prophet control on jin (Hazrat Suleiman AS)

13.capital of Canada (Ottawa)

14.two daughters of Hazrat Muhammad SAW are married with Hazrat Usman.

(My today's experience)

[Verbal]

Verbal questions are easy but the time management are very difficult so I personally advise you to don't waste your time on some tricky questions attempt the easy part and move on...

Mostly Questions are from the PDF mentioned at the end

[Non.verbal]

This part is so easy and time consuming is average but practice needed....

[Academic]

8 to 10 questions are repeated some questions which I remember are those...

1.ghazwa uhad hijri

2.ghazwa Ahzab another name

3.who presented 1973 constitution

4.five to 6 math related question's

5.six to seven antonyms

6.Two to 3 Hazrat Muhammad PBUH Uncle's related question's (which uncle martyred in badr)

If the population of city was 1600 hundred in 1960 , everyone year the population

doubles what will be the population of city in 1967.

I only remember these but I assure you that if you have done the files provided by Sir you'll qualify InshAllah

Status initial test cleared

****Experience****

: first of all i wanna thank sir hakeem bhai for his full handed co_operation. Due to some reasons i didnt study too much for pma 151 but bcz of hakeem bhai i cleared my initial test

Verbal portion

I wanna clear one thing to all issb aspirants that you dont have to study any thing other

than 100 mcqs pdf of respected sir hakeem. All verbal were from there... Like

1)in a class of 1500 students 1200 are present.....

2)yesterday was monday, day after tomorrow will be... (is type k 5mcqs th)

3)shoe is to foot, helmet is to head

4)five men write five pages in five mints then one men will

write one page in how many mints?

5)rapis is the name of country city?

6)out of 500 students 360 are present, percentage of absent students ?

7)2+2÷2=3

8)people send their children to school for grooming

9)which one is different from rest :football tenis cricket?

10)which one is diff from rest :hexagon, angle, triangle

11)Seven months in year have how much days?

12)90%of 90=???

****NOTE****

In short u have to see very important verbal pdf if all of mcqs were not from there my name will not be mayar 😣

****Nonverbal****

Non verbal were tricky and each mcq were having 9 shapes and shape of eight figures were given while shape of ninth one was missing all mcqs were like this....

****Academic****

Now lets talk about academic test there were 50 mcqs and i completed these 50 mcqs in 30 mints and then i revised all fifty mcqs in remaing 20mints you will think that from where

i have studied for academic so let me tell you there is a youtube channel of hakeem bhai and there are 10 vedios in play list in each video there are 100 mcqs so i prepared all watched all these videos again and again and then wrote all 1000mcqs in register and then for revision i stidied every time for academic from register so academic was like halwa for me... □

**Last*

In the last congrates came on laptop i just saw congrates and didnt read full passage because of my happines

So i will say credit goes to hakeem bhai may God ease his difficulties ❤

Remember me in your prayers

Alhamdulillah with the grace of Allah Almighty I have cleared my initial test+physical+medical

Verbal most questions were repeated just remember one thing never stuck on any one question just skip difficult question and move on because every alternative question would be repeated so time management means clear test easily.

Non verbal

Very interesting and all were easy just 2,3 complicated but it doesn't matter

Academic.

Here you have lot of time to complete this test but only your knowledge works here not any kind of trick.

But here is a good news almost 30 questions were repeated and 20 questions were also easy but not repeated

Special thanks to Hakeem by you contribution is precious for all of us..

And those who are going to appear in test be cool and calm if u are member of this group your test will clear it's a guarantee. Good luck.

salam

im going to share my initial test experience of LC 151

name: faisal

dated 22-11-2022

centre: faisalabad

first of all main candidates ko yeh kehna chahu ga k intelligence test keliye time is not enough mtlb you can’t say k aap jo nahi aaty wo skip kardo or end pr karlo. atleast mere case mein it was not possible ku k skip krny k bd b jo bachtay hen questions wo bri mushkil se hotay or sab ko attempt kr pana mushkil hai.

but maine ye trick use ki k jo mujy nahi atay thay maine unka tukkay pr lagaya answer ya jo close close answers thay wohh

i didn’t skipped a single question in intelligence portion

haan academic portion mein time kafi hota wahan aap skip kr sktay or bd mein soch kr laga saktay

anyhow intelligence portion was piece of cake bht asaan tha

if on the 4th day of month is monday to 17th day ko kia hoga is tarha k 5 se 7 questions aaye huay thay or aik or b tha k agar yesterday was monday tou what will be the day after tommorow

90% of 90

one third of 90

why we send children to school

why we boil milk

antonyms or synonyms thay bht easy agr aapki thodi c b english pr grip hai tou you can easily attempt

usky bad series completion walay thay bht asaan jo k group k documents mein shared hen

academic portion was a bit tough ku k usme history k

related kafi questions thay but islamiyat k bht asaan thay you can easily attempt

some of them i remember are:

saifullah ka matlab kia hai

zabeehullah kiska laqab tha

ghazwa e badar faught in which hijri

i forgot the name of the jung but usme pucha gaya tha k huffaaz ((حافظkitny shaheed huay thay or it was 70 ye b

mene group k test experience mein parha tha so mujy yaad tha

1947 mein kis party ki ruling thi

conferences k related questions thay like shimla conference, round table conference

how many countries in asia

wakhan corridor connects which country with pakistan (tajkistan)

these are all i remember and bqi sari time ki game hai time ko manage kren jo swal ni ata ya thoda sa b kisi part b doubt hai k ye ho skta to go for it time waste ni kren !!!

or bhai faisalabad centre pr 300 ni 500 lerhy is baar im not sure about other centres □

best of luck everyone

remember me in your prayers

may Allah be with you all champs ♡

Alhamdulilah By the grace of Almighty Allah I've passed my initial.The main and most important thing I learned is that no matter what's the situation just believe in yourself and have a strong trust in Almighty Allay because he is the only one who gives you hope and makes your goal achieve to you.

The experience I get today keeps reading Hakeem Bhai's notes and giving a short look at other channels as well. In academics, most of the questions are from Hakeem Bhai's notes and a little bit from other channels as well. Most of the verbal and nonverbal were repeated. Giving a short look to them as well.

This was my third attempt. It only happens by trusting myself and believing in Almighty Allah. Keep trying and wish you the very best of luck to all.

Verbal -

most mcqs are from Hakeem bhai pdf .and about 45 %are repeated questions.

Skip the time consuming questions and move on forward becz most are repeated at last and also so easy .

Non verbal portion was also easy ..just need little bit practice.

Acedemics were very tough .

1.Real name of Hazrat Abubakkar

2. 2 question about jang plassey .

3 .establisment of Saarc

4 .a booat is bound _____ singapore

Collectively i will say that 30 Percent are repeated and remaining are tough.

But mostly candidates have easy academics ...

AOA SIR . thanks to Hakeem bhai.

Pma 151 experince :

verbal were easy just 2 6 were moderate. just to the given pdf.

Non Verbal were mederate some 5 to 7 were difficult . mostly repeated from pdf.

Academic was moderate level , some repeated some were new I share some MCQS which I remember

1. Which Pakistani snooker player won world

championship for first time ,
ANS = muhammad asif in 2012

2. Mohenjo daro means, ANS= the mound of dead.

3.hazrat noh boat stop on which mountain, ANS= Mount Judi

4.hazrat maryam is mother of ,ANS= Hazrat isa

5.Zenith antonym is , ANS= underside

6.Muhammad salah famous footballer belong to which country , ANS= Egypt

7.Al khalid tank famous pakistani tank is in service since when , ANS= 2001

8.robert cornelius famous pakistani chief justice was a ,ANS= christian.

9.Rana bhagwandas famous pakistani chief justice was a , ANS= Hindu

10.Gestation period of cattle , ANS= 283 days

11.Battle in which angels helped , ANS= battle of baddar

rest questions were repeated, active passive , direct indirect narration , synonyms antonyms , preposition. have a look on them also.

At last I will say dont panic while taking test relax if you dont konw the answer skip it

do rest first dont waste time only on one question atleast you have done other questions be confident

If you want complete in time give 20 to 21 sec to verbal per question , a little bit more to non verbal and academics are completed in time . dont loose morale if you dont know 5 to 10 mcqs be positive atleast you have done rest whole

paper and you just have to pass the test.

thank you . ALLAH Hafiz.

A-O-A

PMA 151 course

Center AS&RC multan

Verbal test was very easy

I felt no difficulty in solving them but non verbal test was difficult almost mcqs were of square triangle circle rectangle

so I recommend all the candidates who still have to take exam to study as much verbal mcqs as you can

Now I tell you acedemic test it was almost general knowledge and current affairs and islamiat

Now I am writing some of those questions

1 Founder of daily down

Capital of bhutan

2 SCO was established in which year

3 OIC was arganized in which city

4 Antonym of brilliant

5 Fraiz a wudu are described in which surah

6 First martyr of Islam

7 Last sermon was delivered at what place

8 3rd country that gave places to refugees after amnesty 2016

9 How many rewards are awarded by reciting each word of Quran

10 Which prophet was able to work on iron ((لوہار

11 How many ghazwat are in islam

12 Why we boil milk

13 Why we send our children to school

14 First chief of pak Navy

15 Quit India movement was started in which year

16 Who was the leader of Muslim in shimla معاہدہ

17Who can issue the new ordinance

A) parliament

B) chief justice

C) prime minister

D)presedent

18 1 3rd of one tenth of 90

6-9i in this real value is

Faces of prism

Now I want to advise all candidates just focus on general knowledge ،current affairs ،islamiat and capitals of all countries

Okay Allah Hafiz

Best of luck

Assalam Alaikum Dear Friends

Experience: Quetta ASRC

9th December, 2022

Brothers! starting from verbals, you must prepare the hakeem verbal pdf, and there were alot of questions from alphabets series reverse arrangement from z to a. But overall verbals were really very easy.

Coming onto non verbals which i felt were alot more

difficult to understand than the verbals, you all must prepare the Progenius Students Non Verbal Playlist. And then do give a practice from different pdf's and websites to just understand the different aspects of these questions. Most of the candidates failed non verbal so don't take it easy.

Coming onto academics, it was my first inital test experience and i expected all the questions to come from the past experiences but there were alot of new questions, i'll share them with you but before that i must share with you a small secret to academics portion. What you should do is the question which you are not sure of, the

eliminating the least probable answers at last you'll get 1-2-3 options so you can make a guess of it but never fluke in your answers. Must prepare hakeem, ali's way playlists, then revise it as much as you can okay.

-2016 Most Refugee Accepting Country.

-kashmir valley bought in rupees ____?

-learn adjectives,nouns, preposition just have a fond knowledge and you can get near to the answers.

-y=7 is parallel to ____ axis ?
Answer: y axis

-lady mentioned in quran

-bulley shah poet of ?

-qissa sohni mahiwal

-moon has ___ atmospheres?

These were the new questions apart the second and third last.

Last tip, dont ever get tense, even if you know the answers you'll forget them, take the sample test time to freshen

your mind look around smile and just relax. You can always get close to the answers by giving a little extra focus, but the main thing is your mindset. Stay relaxed, believe in yourself, and wish you all the best of lucks. Remember me in your prayers.

Thankyou,

Harmain.

Verbal intelligence test was very easy you must practice all the questions of verbal intelligence like age relationship like: Ali is 4 years old his sister is twice older then Ali what

is the age of his sister when Ali is 6 years old , blood relation: Son of my brother is nephew to me, days like: 4th day of a month is Monday

what will be the 16th day of the month sequence series like 4,8,16,32 ... (4+4,8+8,16+16...)

Verbal were quite easy and Non-verbal were also easy but practice is must because they were a bit tricky I also skipped a few questions of verbal and non verbal parts but they were easy on the whole Non Verbal needs

practice Academic portion was not fully repeated some questions were new like: Length of Panama Canal in Nautical miles something like that I chose 14000 m but I am not sure, First foreign minister of Pakistan, Apex court of Pakistan: Supreme court Academic portion was easy I skipped some questions but I managed time to complete it

you must manage time in verbal and non-verbal you must practice all questions of Hakeem Bhai pdf and notes Practice is must

Special thanks to Hakeem Bhai
