If 4 day is Monday then what day comes in 25 day

Simple sjjan saint see

4+7=11 day also Monday

11+7=18 also Monday

18+7=25 day also Monday

Ok like this other example

If 25 day of month is Friday then on 4day of month which day comes

25-7=18 day aslo Friday

18-7=11 also Friday

11-7=4 day also Friday

Like this

1/3 of 10 of 120 is

Simple 1/3*1/10*120

120or 10 ka zero cut ker lo to 12 baqi rahta ha ok

Then 1/3*12=4

Station asrc rwp

Verbal were 100 percent from the pdfs hakeem khan shared !

Non verbal were quiet tricky

but also we enjoyed a lot solving them because you have to use 100 percent of your mind to pass non verbal

.

And last academic they were very difficult to understand and solve.

0 percent academic mcqs came from the past experience you have to study every country ,lake constitutions , old name and

name of famous cities !
Some were

1) smallest city of somalia

2) 1938 line

3) which city is called Babul Islam

4) 90 percent of 90

Aur bhi buht tha baqi best of luck everyone take your time and in sha ALLAH you will pass the exam

In verbal part you must consult PDF shared by

Hakeem Bhai and do a little bit practice of those mcqs because they will help you a lot and mostly were of series.

In non verbal you must have practice because there is a limited time for

you and must consult YouTube for help.

In Academics you must consult Hakeem Bhais YouTube channel in which he shares experience of other

candidates.

Mostly were of Pakstudies and English.

So must consult Hakeem Bhais YouTube channel and you will be able to clear it Insha Allah.

And apologies for not sharing exact questions because I don't remember them but if you go through past experiences of candidates, you will do it.

verbal were quit easy and 40 percent of repeated, 5-8 synonym antonyms,

NON-VERBAL

This part is not toouch tough some about 5-8 questions were tricky and time consuming..... But if you understand the sequence than you can easily catch it on time ..... Also get it don't be panic for questions or time ..... You all can pass it easily In'Sha'Allah

ACADEMIC

Simla pact signed between Ayub Khan and from Indian side .....idk

Who was the first viceroy of

subcontinent

Articles of constitution 280

Word EVERYONE is ..... Noun, pronoun, etc

Who wrote Heer Ranjha ..... Idk

These were the new questions that I remember baki 40 sawal repeated hi thy

Aoa everyone alhamdullilah I passed the initial test + medical. I want to share my experience to you guys hope k kuch kaam ajaye.

First of all verbal mostly repeated the i.e 90 of 90% and the other was train cover 20km in 1 hour 40 sec. How it will cover 1 km ?

_ and woh same If yesterday was Friday what will be the next day ?

_ how many months having 31 days ?

_ there were also this kind of questions that if 2 day of month is Friday what will be 23rd day ?

Mostly repeated and easy the toh tension na le bs

And non verbal were very easy dusro ka pata nhn lekin mere bohat bohat easy tha diagrams bohat easy the bs practice honi chahiye .

The last academics . Fortunately academics b bohat easy aye k 20 min ma maine sab academics kr diye . I remembered some of them which are

1. Benazir war assassinated in which city ? Rawalpindi

2. When sir syed was born? 1817

3. Kuch synonymous and antonyms the sentence correction thee , and Kuch

math k questions the or kuch yaad nhn ha but mostly easy tha mera test .

Most important thing Jo aapko ma kahunga k ek trick ha question krne ki first thing aap yeh kre k Jo questions aapko arahe hn mtlb woh questions jinn m aap 100% sure hn woh krle Jo aapko nhn arahe aap skip woh side ma box ma save hojayeng phir jab aap jese verbal ma

84 hn 50 aap ko arhe hn 34 nhn arhe jis ma aap confirm nhn hn woh aap baad ma b kr sakte hn . Maine pehle 48 ya 50 tak krliye Jo mujhe arahe the confirm woh maine 20 min ma krdiye phir skip wale kiye Jo reh gaye the box ma yeh trick ha dhyaan ma rakhle.

All credits goes to hakeem bhai maine koi academy wagera join nhn ki bs

experience yaad krliye and non verbal ki practice.

Thankyou hakeem bhai and best of luck to you guyz.

So starting with the Holy name of Allah I would like to say that I was having mu

initial test on 24 Nov 2023. I was very panicked about my test but with the grace of Allah almighty I cleared it.

Here is my experience:-

-First portion was of verbal intelligence which was very easy consisting of repeated questions like 90% of 90, words synonyms and antonyms like wild, ecstasy and 2 or 3 words more but were really easy.

-Next portion was of non-verbal intelligence which consisted of many images some were very easy but some were really time consuming but Alhamdulillah I managed them.

One of the most important thing I would like to inform you is that you should really focus on time management otherwise you may face serious issues, you know

what I mean....

-My last but not least potion was academic portion which was some how difficult that I was confused for some time that would I clear this or not but with Bismillah believing on Allah I submitted it and cleared it which was consisting of the only body part which is fully grown by birth? + Facebook was created by? Capitals of

different countries and many more.

As a whole I would like to say that your general knowledge should must be very strong for this test.

Best of luck to you all for the paper.

By grace of Allah almighty I am able to pass my initial. A lot of thanks to Hakeem bhai also, he is really outstanding.

May Allah reward him for his dedication and hard struggle.

Verbal portion was very easy and repeated from PDFs of Hakeem bhai.

When it comes to non verbal it was a bit tough but can solve easily if you are aware with method to solve.

Moreover, academic was 70

to 80 percent repeated from Hakeem bhai experience videos. I would say you can clear your academic just by watching 15 videos of academic on Hakeem forces preparation.

153 PMA Initials cleared
Verbal were all repeated

Non-verbal were tough but a lil bit concentration was required..

The main point which I have considered in my initial was that { every first 10 questions of all the sections were tough } just to make u confuse ....

One must not waste time on any question ...just simply guess it ....

Don't skip any question

In academic ...mcqs were about Pak history

Example = MAO CLG got rank of university in 1920

Durand line is between which countries

Saint Jones is capital of

....active passive and fill in the blanks of English ...

Pls don't waste time on any questions ...especially in non verbal becuz some shapes

are complex ..just simply guess such questions ...

And in all of the sections I didn't attempted all the questions ...so Jo solve krhe ho ache se kro....good luck

Verbal was so easy but time was too short so with in 20 sec you have to find the Answer or otherwise feel free and and just answer 40 questions right

In my opinion if you are feeling that some questions are difficult then skip them because easier are waiting for you next to it

Non verbal was also easy but too confusingso stay alert and calm

Acdemics portion was difficult guys but do not feel hesitate just keep all the

previous experiences in mind inshAllah if Allah almighty wants you will clear it

Wishing you all the best

INITIAL TEST cleared with the help of Allah.

First of all. There was intelligence test and then academic.

Mostly verbal were repeated. Ages, direction and %age related questions were more in verbal test.

Non verbal was quite difficult. But you can do it easily if you'll think little bit about shapes.

And the last one is academic test. In which I remember few questions...

* Synonym of wild

*Synonym of indensible

*Bones in human body

*How many days having 31 days?

*Synonym of integration

*How many countries are in common wealth commission is tra ka tha

*First foreign minister of Pakistan

*Caretaker cm of Balochistan

*First Pakistani who got Nobel prize ...ans: Abdul salam

*National library of Pakistan

is located at?..ans: Islamabad

* Repetition of same numbers in any data is called..... I think mode . There were Median mode range and mean.. I choose mode

* There were two numbers 69 and 9 in which we have to find range. Formula is greatest value _ smallest value. The answer of this question was 69-9=60

*Current president of France= Emmanuel macron

* Current pm of Canada= Justin Trudeau

*The headquarter of atomic energy is located at Vienna Austria

*Greatest test match rivalry between which countries? I didn't know

* Who was the field Marshall president of Pakistan? Ans is ayub Khan

* "Black lives matter " in which country this slogan raised first?

*Shiena is language of gilgit

* One question was like k Pakistan's economy mostly depends on which sector? I think agriculture

* When Border agreement agreement b/w china and Pakistan was held?

Mr.Hakeem you're doing amazing job.

I just watched ur 4_5 experiences videos.

Tips : attempt all questions. Don't skip any question. Time is very short. Must attempt all questions. Byshk tukky lgao . Remember me in ur prayers and pray for my further steps.

Thank you

Course:153-l/c

First of all, with Almighty's grace and blessings, i have cleared the very first step.

The credit also goes to hakeem bhai, and i am very thankful to you for helping us out in clearing this step.

Verbal:You have to do 84 questions in 30 minutes.

The verbal questions are

80% from hakeem bhai pdf, which he shared and comprised of 100 questions that was very much important.so plz do that pdf only, and there is no need to study any other pdf for verbal.

Non verbal:You have to do 64 questions in 30 minutes.Non verbal are also mostly repeated from hakeem bhai pdf, so go

through these pdf's once or twice before the test.

Academic questions:This portion was little tough but although u will get 10 minutes roundabout for rechecking.Moreover go through the playlists of 152 and 153 long course which hakeem bhai uploaded on youtube.Because out of 50

questions 10-14 were out of pdf,rest all was from hakeem bhai videos and pdf of 500 mcqs which he shared earlier.

Tips for test:

If u r not prepared well so u people may report to the center one week later of ur test.so there is no need to go on time or given date.

Manage ur time in verbal and donot skip more than 20 mcqs in the intelligence portion.Also finish ur test in the first 25 minutes so that u have time for skipped questions.

Questions:

There are a few questions i remember.

A)Asian development bank headquarters is in which country.

B)Country of gold (one question was like this, but i didn't remember correctly).

C)China pakistan border agreement, in which year.

D)Heart of holy quran.

E)City of gardens.

F)Which one is least like the other four.

G)

I wish u best luck.May Allah be with u

All Glory belongs to Allah Almighty

Majority of the verbal questions were from the most repeated verbal file

For Non Verbal you just need to practice imagining figures and pictures in your mind and the rotating them etc etc

in your mind to finally get to the answer(Just work on your skills of Imagination...assume as if you are holding those figures and rotating them in your hand)

Don't focus too much on the missing area type question, the only tip to solve them is to start looking at the minor details on the corners of square of the missing area.

Tip for non verbal is to Prepare Mirror Non Verbal diagram Questions Very well. Academic portion was also from the most repeated questions(on an average 35/50 were repeated)

1)When USA invaded Iraq.

2)which part of body Pumping blood.
