The entire academic portion was extremely easy, thanks to Sir Hakeem guidance. All the questions were based on his notes, with no out-of-syllabus content. The verbal section was also very easy, and preparing for it makes it

even more manageable. The General Knowledge (GK) section was entirely covered in Sir Hakeem notes. I didn't find any need to study beyond his material, as it was sufficient. There were no math questions, and only two English questions, which were also very easy. Overall, the test was very, very easy, and Sir Hakeem

notes were more than enough to prepare for it

Thankyou so much sir

Assalamu Alaikum Sir,

Alhamdulillah, praise to be God,I have passed the initial test. I sincerely thank sir for your invaluable guidance.

Verbal: Very easy, with many questions repeated from your notes. Your short tricks made answering quick and accurate.

The non-verbal were slightly more challenging and required critical thinking. However, due to the extra effort I put into practicing this portion, I was able to manage it well. While non-verbal questions can be time-consuming, consistent and focused practice helps in overcoming this challenge.

Academics: Mostly from your notes, with a few updates in current affairs.

Thank you once again, Sir Hakeem. Please you all remember me in your prayers for the upcoming tests.

Regards,

Ali Abbas Ashoor
